

# The Sandbox

Comparetheplatform's  
fee and scenario planning  
tool for platforms

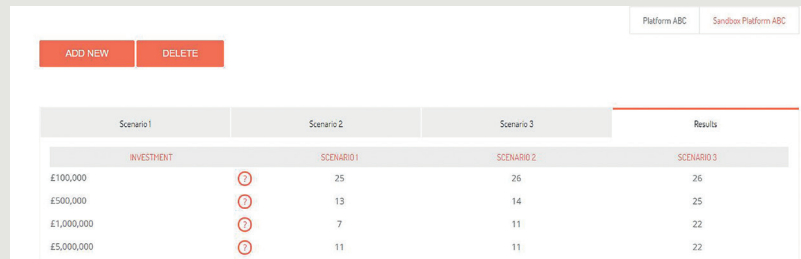

## Analyse, adapt and act

It's all about value for money in the platform industry, where fee pressure is unlikely to abate. The Sandbox will allow you to **analyse** your platform's fees against those of your competitors and across different wealth bands, **adapt** to changing pricing trends, and **act** to stay ahead of your peers and gain a competitive advantage.

- The Sandbox is a unique pricing analysis tool that will help you stay ahead of your peers and gain a competitive pricing advantage by tracking and adapting to changing fee trends more quickly.
- Intuitive and easy to use, the sandbox replicates your current fee model in each scenario, ready for you to adjust as necessary.
- Transfer your new pricing strategy to the **Comparetheplatform** calculator with a few clicks.
- Use the Sandbox as a permanent tool in your competitor intelligence toolkit, or subscribe for three months at a time during pricing strategy reviews.

Scenario 1	Scenario 2	Scenario 3	Results
INVESTMENT	SCENARIO 1	SCENARIO 2	SCENARIO 3
£100,000	25	26	26
£500,000	13	14	25
£1,000,000	7	11	22
£5,000,000	11	11	22

## Flexible pricing

- Add the Sandbox permanently to your toolkit for **£4,000 per year** for up to five users.
- For periodic reviews of your pricing strategy, the Sandbox can be accessed in blocks of three months at a cost of **£1,500 per quarter**.
